

THE CONSCIOUS FARMER

WELCOME

The Conscious Farmer (TCF) consults and coaches on organic, dynamic agriculture and food, based on a conscious lifestyle: 'I am the earth'. Our consultants work worldwide with our home base, the TCF Training Center, located in the Sauerland, Germany. We are an open and independent platform for coaching, training, workshops, information and we offer accommodation. We are happy to keep you informed of our most recent developments.

TCF Consultancy

Our last article in Hortidaily 'teaming up with nature', above and below ground generated a lot of interest, with new customers in Denmark and Sweden as a result. We also received excellent feedback from one of our customers on our commitment to his company:

"As a whole, I look back on a period of three growing seasons in which I worked with TCF. Two of them were the best and most successful, productive years our company ever had."

Last month we proudly opened our Certified Soil Food Web labs in Germany and the Middle East. Microscopic analysis is the best and most concrete method to understand the vitality of your soils and the quality of your compost. That is why we also train growers (on-line) to do a microscopic quick scan of their soil and compost themselves.

We are happy to have welcomed so many guests last year. That is why, from now on, we will be open all year round, including the low season! This step in our business operations is great for you and for us. To that, we toast with a glass of our new own house wine! 100% organic of course!

Come and have a cosy stay with us, because in the winter months we have Christmas-lit streets, advent and Christmas markets, and if you like music you can choose from concerts of all sorts.

And of course, it is always wonderful to hike in our area!
